**20 Wonders of 2020**
- Created an app with Node.js, Express, EJS, Mongo, and Mongoose that allows users to Create, Update, Edit, Delete, and vote on an updated list of world wonders for 2020. https://gentle-badlands-23571.herokuapp.com/

**Voyageurs**
- Worked with 2 group members to create a single page application using the MEAN stack of Mongo, Express, Angular and Node.js. We also used Git and Github to merge our code. https://v-o-y-a-g-e-u-r-s.herokuapp.com/

**Pokemon Game Quiz App**
- Used an API to randomly generate a Pokemon's name and compare user input with the correct answer. Designed two responsive layouts that change based on user interaction. https://joshuasoave.github.io/pokemon
